E-mail: buithedoi@gmail.com or doibt@vfu.edu.vn

Date of birth: Jun 26, 1973, Place of Birth: Hanoi, Vietnam

PROFESSIONAL INTERESTS: Lecturer

EDUCATION / DEGREES:

1995: Excellent Undergraduate student awarded with the Cohort 1990-1995.

2002: Excellent Graduate student awarded with the Cohort 1999-2002

2003: Vietnam Government Scholarship for Ph.D. degree in the U.S. (~75,000 USD)

WORKING EXPERIENCE:

Time	Position	Main responsibility	Institute
Aug 1996- Aug 2004	Lecturer	Teaching and doing some smallscale research	Vietnam Forestry University (VFU)
Aug 2004- Aug 2008	PhD. Student	Working with Ph.D. program - Teaching Assistant for Prof. Dan Binkley	CSU, USA.
Sept 2008- Apr 2009	Staff of Science, Technology & International Cooperation Division (STIC).	Working under the leadership of STIC's Head.	VFU
May 2009 - May 2011	Vice Head of Education Affairs Division	- Implemented education qualification maintenance and Accreditation - Developed the Advanced Education Programs	VFU
May 2011- Sept 2015	Head of STIC	- Advisor for VFU leaders to manage research programs and international cooperation implementation. - Coordinator of Advanced Education Program in Natural Resources Mng't with Colorado State Uni. (CSU)	VFU
Oct 2015 and now	Vice President	- Conducting International Affairs - Leading the Development of the Advanced Education and high quality Programs - Managing Students Affairs and out-reach	VFU

TEACHING EXPERIENCE:

Time	Position	Main responsibility	Institute
Aug 1996- Aug 2004	Lecturer	Teaching and doing research in Forest Ecology and Silviculture for undergraduate level	Vietnam Forestry University (VFU)
Aug 2004- Aug 2008	PhD. Student	Working with Prof. Dan Binkley at Forest Sciences	CSU, USA.
Sept 2008- Apr 2009	Lecturer, and Staff of STIC	Teaching and doing research in Forest Ecology and Silviculture at both undergrad- and graduate levels	VFU
May 2009 - May 2011	Lecturer, and Vice Head of Education Affairs Division	- Teaching and doing research in Forest Ecology and Silviculture at both undergrad- and graduate levels; - Conducted some research in plant ecology	VFU
May 2011- Sept 2015	Lecturer, and Head of STIC	- Teaching and doing research in Forest Ecology and Silviculture at both undergrad- and graduate levels; - Conducted some research in plant ecology, native plant species development - Teaching in English the course of natural resource ecology and measurement (NR220) and Integrated Ecosystem Management (NR420)	VFU
Oct 2015 and now	Vice President	The same above	VFU

REPRESENTATIVE GRANTS (if applied):

Project Period	Project Name	Task assigned	Funded by
1998-2002	<i>Establishing demonstrations to rehabilitate forests on limestone mountainous areas in Northern Vietnam</i>	Collaborator, Leader of field group for inventory	Ministry of Agriculture and Rural Development (MARD); budget 15,000 USD
2000-2003	<i>Studying indigenous knowledge in protection, development and traditional use of forest resources of some ethnic minorities in Chiem Hoa District, Tuyen Quang Province, Vietnam: status and development trends</i>	Secretary of the project; Leader of investigation group of field-trip	Vietnam - Netherlands Research Program (VNRP); budget 12,000 USD
2001-2003	<i>Scientific Fundamentals for Rehabilitating mountainous limestone ecosystems in Vietnam</i>	Collaborator	Department of Forestry, MARD; total budget of

			70,000 USD
2001-2004	<i>Solutions for sustainable management of eco-tourism resources in CatBa islands, Hai Phong province</i>	Conductor	VNRP; 12,000 USD
8-12 of 2008	<i>Voluntary Reporting Carbon Management Evaluation Tool (COMET_VR)</i>	References Reviewer	Paid by working hours.
2008 - 2010	<i>Small scale project for reforestation in Cao Phong, Hoa Binh by CDM.</i>	Collaborator	JICA and Department of Forestry, MARD
2008 -2010	<i>Establishing a technical guidelines of silvicultural treatments for naturally recovered forests</i>	Secretary, Leader of field group	Department of Forestry, MARD
2010-2012	<i>Study on ecological characteristics and planting practices of some precious medicinal plants on the forestland</i>	Conductor	MARD, Evaluated: Very Good
2011-2015	<i>Study and development of Mahonia nepalensis DC. under forest canopy in Central Highlands, Northwest and Northeast regions in Vietnam</i>	Conductor	MARD, on-going
2011-2014	<i>Study on developing a group of the native trees represented for each region of Vietnam in the National Forest of Den Hung, Phu Tho province</i>	Secretary, Collaborator	Independent Project at National level; 200,000 USD
4-11/2012	<i>Study on the growth dominance of some even-age hybrid-Eucalyptus stands</i>	Conductor	Grass-root level, Evaluated: Very Good; 500 USD
5-10/2012	<i>A research of developing a Draft Decision on “Regulations on targets, levels of payment, payment methods for provision services of spawning grounds, sources of feed and natural seeds, use of water from forest for aquaculture”</i>	CONSULTANT for non-mangrove forests	VNFOREST, GIZ, IUCN; 5,000 USD
1/2011-12/2015	A project at MARD level	Conductor	240,000 USD
01/2015-12/2019	A project at MARD level	Conductor	50,000 USD in 2015.

33. **Bui The Doi** (2003) *Structure and Natural Regeneration of forests developed on limestone mountains in Tan Hoa, Minh Hoa of Quang Binh province*. Journal of Agriculture and Rural development. No. 3/2003 pp 345:347.

PAPERS/CERTIFICATES:

Time	Level/field	Institute
Aug 2014	Certificate of Completion	LEAF Regional Training Workshop on Climate Change Curriculum Development, USAID-ASIA at Kuala Lumpur, Malaysia from Aug 4-8, 2014.
May 2014	Certificate of Completion	Training of Trainers Course on Regional Climate Change Curriculum Development, USAID-LEAF and SNV at Bangkok, Thailand, May 26-30, 2014
Aug 2013	Certificate of Participation	LEAF Climate Change Curriculum Development Training Workshop, USAID at Bangkok, Thailand, Aug 4-15, 2014
Apr. 2012	Certificate of Participation	Integrating Climate Change into Forestry and Natural Resource Management Curricula within Lower Mekong Countries, by WINROCK and SNV at Bangkok - Thailand
Aug. 2010	Certificate of Participation	WINROCK REDD+ Technical Training Workshop for Forestry and GIS specialists, Hanoi – Vietnam.
Aug. 2008	Doctorate in Forest Sciences	Warner College of Natural Resources, CSU, USA. Dissertation title, “ <i>Patterns of Growth dominance and Neighborhood effects in Eucalyptus plantations</i> ”

		<i>and Tropical Forests”</i>
Jan. 2004	Certificate of Participation	A short training course on “ <i>Community-based Forest Management</i> ” organized and sponsored by JICA in Manila, The Philippines.
Nov. 2002	Master of Forestry	Post-Graduate Faculty of VFU. Thesis title: “ <i>Characteristics of structure and regeneration of karst forests in the northern Vietnam</i> ”
Feb. 1999	Certificate	A training course on “ <i>Rural Development</i> ” organized and sponsored by Vietnam-Netherlands Research Program (VNRP).
May. 1995	Bachelor of Forestry	Thesis title: “ <i>Establishing the site index table for Cinnamon (Cinnamomum cassia Blume) plantations in Van Yen, Yen Bai province.</i> ”

PRESENTATIONS:

With more than 18 years working as lecturer/instructor in Forest Ecology and silviculture, I have done with hundred presentations. Besides, I attended many international workshops where I presented and conducted some working group.
